### Summary of reasons for decision:

The image depicts two naked children playing in a bubble bath. The image is naturalistic and has a spontaneous tone, and although it depicts naked children, it is not reasonably capable of being regarded as sexual in nature. It does not get through the “subject matter gateway” of s3(1) of the Films, Videos, and Publications Classification Act 1993, nor does it deal with matters under s3A or s3B of that Act. The publication must therefore be classified unrestricted. An unrestricted classification imposes no limitations on the right to freedom of expression as affirmed by the New Zealand Bill of Rights Act 1990.
